RE: Tribal recommendations for experts in the study of the Ancient One.

Dear Mr. McManamon:

In the telephone conference between the Tribal Coalition and yourself on November 20, 1998, you suggested that the tribes develop a list of experts which would be acceptable for the study of the Ancient One.

The following list was assembled by the Tribal Coalition, and represents physical anthropologists who are qualified to conduct the studies:

Dr. JOAN C. STEVENSON, Western Washington University, Professor; anthropological genetics, historical demography of Mennoites, medical anthropology, osteology, European immigrants; Ph.D. University of Wisconsin-Milwaukee. Phone: (360) 650-7688.

Dr. DONALD E. TYLER, University of Idaho, Associate Professor of Anthropology; Chair, Department of Sociology and Anthropology, 1991-; B.A., 1976, M.A., 1983, Ph.D., 1987, Washington State. Phone: (208) 885-6751.

Dr. ALAN GOODMAN, Hampshire College, Professor of Biological Anthropology, Ph.D. from the University of Massachusetts. Phone: (413) 549-4600.

Dr. JON E. ERLANDSON, University of Oregon, Associate Professor, B.A., 1980, M.A., 1983, Ph.D., 1988, California, Santa Barbara (1990). Phone: (541) 346-5125.

We hope this list is helpful in the selection of experts in this case.
